

Dear visitors of the Kulturnacht
in Ulm and Neu-Ulm,

As a prelude to the new cultural season, like every year, the Kulturnacht will travel comet-like through the creative universe of the two cities on the left and right of the Danube.

Dear Kulturnacht visitors, we would like to invite you to venture out into this creative universe and discover unknown places and hidden treasures, to dive for cultural pearls, and to experience some of the venues in a different light. Get a glimpse of the future, at events where the creative scene introduces new projects or presents their programme for the next quarter of the year and enjoy special moments together with your friends.

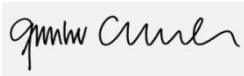

The Kulturnacht in Ulm and Neu-Ulm, a night of thousand possibilities: plays, music, literature, film, dance, art, and performances – something for every taste. This night truly is a highlight of the local creative scene.

The varied programme of the Kulturnacht in Ulm and Neu-Ulm is the result of the joined effort of highly motivated and committed artists, cultural institutions, advertising partners, sponsors, and last but not least the venues and their teams working behind the scenes at the Kulturnacht.

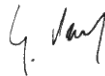

We are indebted to all the venues and creatives with their tireless dedication to making the Kulturnacht such a unique experience for everybody living in the two cities and the surrounding area.

We'd also like to extend our gratitude to our sponsors and advertising partners. They are the financial basis of the Kulturnacht and clear advocates of the creative scene in Ulm and Neu-Ulm.

Have a good start into the new cultural season and enjoy
the 19th Kulturnacht in Ulm and Neu-Ulm!
